

# Scent Layering 101: Create Your Signature Scent Story

RITUALS • November 2025 • By Kiara H., Founder

Scent is memory. At Herban Alchemy, we encourage our community to layer our Body Butter Glaze and Fragrance Oils to create a personal "scent story" that evolves throughout the day. **The base layer:** Apply the Fragrance Oil to pulse points and damp skin after showering. This creates a subtle, long-lasting foundation. Our oils are designed for this—light enough not to overwhelm but potent enough to carry the scent. **The heart layer:** Follow with the matching or complementary Glaze. The butter "melts" the oil into the skin, amplifying the fragrance while adding the nourishing benefits of our hero butters. **Creative combinations our customers love:** - Mango Dream Glaze + Citrus Zest Oil for a bright, tropical morning vibe - Amber Spice Glaze + Sandalwood Warm Oil for an evening, sensual depth - Rose Petal Glaze + Vanilla Orchid Oil for a soft, romantic everyday signature **Kiara H.'s advice:** "Don't be afraid to mix. Start with one pump of oil and a small amount of glaze. Let it settle for 10 minutes. Your skin's chemistry will do the rest. This is how you make it yours." Layering also extends the life of your products and deepens the skincare benefits. It's ritual as self-expression.
